

## WORK UNDER GUARD AT NEW ORLEANS

### COMPANIES OF MILITIA PROTECT NEGRO WORKMEN.

**Levees Covered With Soldiers And Ordnance While the Work Goes On—No Attempt At an Outbreak—Italian Consul Ordered to Walsenberg—Blanchard Is Indignant.**

New Orleans, La., March 15.—Thirteen companies of the city militia marched from their armories to the levee yesterday. The Washington Artillery proceeded to the Harrison wharf, a Hotchkiss gun and two gatlings were trained into position so as to command all approaches to the wharves and sweep the opening beyond. A squad of sharpshooters was posted near the ordnance and pickets put out. Shortly after 12 o'clock a considerable number of negro workmen appeared and began work on the steamship Engineer, the center of the riot Tuesday. A large crowd gathered about the wharf, and several times they had to be driven back, but no outbreak occurred and the day passed peaceably. At 5:30 the negroes quit work and went quietly to their homes. Then the militia was withdrawn and retired to the armory until this morning, when it will resume protection of the negro workmen.

A similar state of affairs transpired in the upper portion of the city. There was no trouble at either point. The rioters did not appear on the levee. The police showed commendable activity and arrested about twenty men who they declare were in the riots Tuesday. It was four years ago yesterday that several thousand men under the leadership of a number of prominent citizens marched to the old parish prison and shot to death eleven Italians who were implicated in the assassination of Chief of Police Hennessy.

Gov. Foster yesterday reiterated his statement that, no matter what happens, he will protect the lives of citizens and commerce and business of the port at any cost. He will remain in the city if his health is no worse until all trouble has subsided and confidence has been restored.

### NO MORE TROUBLE.

**Gov. McIntyre Satisfied That He Can Maintain Order.**

Washington, March 15.—In reply to the telegram sent Wednesday to the governor of Colorado by Acting Secretary Uhl at the instance of the Italian ambassador a reply has been received from Gov. McIntyre, in which he says he has received the following from the sheriff at Walsenberg: "Last night while conveying prisoners from Rouse to Walsenberg armed mob held up posse, killed driver and one prisoner. Two prisoners ran and have not since been found. Don't know whether killed or not. This occurred about 7 p. m. At 1 a. m. mob broke into jail and shot to death two prisoners implicated in some murder. All Italians except driver." The sheriff was ordered to take every precaution to protect life and property and as soon as possible ascertain who composed the mob which did the lynching and as soon as practicable arrest the perpetrators. He received a reply that everything was quiet. Gov. McIntyre promises to obtain and forward full information as promptly as possible. He sees no reason for anticipating further trouble.

### WAITING FOR INFORMATION.

**Italian Government Will Go Slow as to Walsenberg Murders.**

Rome, March 15.—It is semi-officially announced that a dispatch from Washington has been received by the government saying that on the receipt of the first reports of the killing of several Italians in Colorado the Italian ambassador addressed a note to the federal government on the matter and also telegraphed the Italian consul at Denver for information. The federal government said it was not yet in possession of the facts in regard to the murders, but the consul confirmed the report that six Italians had been killed in consequence of the murder of a saloonkeeper. As it was unknown whether the murdered Italians were naturalized Americans the ambassador charged the consul to inquire into the matter of their citizenship. Meanwhile the governor of Colorado telegraphed to the ambassador that he had sent troops to protect the Italians near the scene of the trouble.

### No Arrests Made.

Walsenberg, Colo., March 15.—No arrests have been made in consequence of the lynching of the murders of A. J. Hixon. The bodies of the two missing Italians have not been found. Opinion is divided as to whether they escaped or were killed. Citizens generally censure the shooting of the prisoners, especially of the wounded man who gave himself up. The Italians here do not talk of retaliation, though the feeling among them is intense.

### Blanchard Indignant.

Washington, March 15.—Senator Blanchard of Louisiana, who is in Washington, said yesterday: "The action of the United States district attorney at New Orleans in calling for United States troops to suppress the disorders there is wholly unwarranted and uncalled for. The state of Louisiana is amply able to maintain the peace within its own borders."

### Secretary King Out of Danger.

Indianapolis, Ind., March 15.—Secretary King is pronounced out of danger by his physician, and the chances of proceeding against anybody for murder seem at an end. The first clew has been found as to the whereabouts of the custodian bill after it left Mr. King's hands the night of the fight. It is said to be in the hands of William Beach, an employee of the house, who took it from Representative Adams of Parke county. The bill is half destroyed and useless, but it is held that a new

enrolled copy can be legally made from the engrossed copy now in the office of Secretary of State Owen. The copying force is hard at work trying to finish its labors in the legal ten days.

### FOSTER AND LI.

**They Suddenly Drop Out of Sight at Tien Tsin.**

Washington, D. C., March 15.—The whereabouts of Li Hung Chang, China's peace envoy, is a source of much speculation and no little concern in official circles here and at the Chinese and Japanese legations. Since he left Peking, more than two weeks ago, there has been no word, official or by press reports, as to his whereabouts. Li Hung Chang's first departure from Peking was about three weeks ago, but he was recalled by the emperor on the receipt by United States Minister Denby of Japan's terms of peace, as transmitted to Minister Denby in Japan. The terms were fully agreed upon and Prince Li started to execute the treaty of peace. He went to Tien Tsin, whence he was to sail for Japan. There had been constant press reports from Tien Tsin prior to that time, but since then there has been absolute silence and not a word has been received as to Li's arrival at Tien Tsin or his departure for Japan or his purposes. A Shanghai dispatch two weeks ago stated that John W. Foster had at Tien Tsin. This is the last official or unofficial reference to the subject. Owing to the tremendous responsibility imposed on Prince Li there is naturally great interest in his movements.

### MYSTERY OF WILLIAMS' CASE.

**No Official Notification from Spain Demanding Recall.**

Washington, D. C., March 15.—It is seven days since the cable report came from Madrid that a cabinet council had agreed to ask the recall of United States Consul Williams at Havana, and as yet no official demand for his recall has been received. Mr. Williams has stated in Havana that he had not heard of the contemplated recall, and yet the Spanish officials at Madrid have not denied the original report that a demand for his recall had been agreed upon. Under these circumstances officials intimate that the return of President Cleveland from his hunting trip and the recovery of Secretary Gresham from his attack of la grippe will lead to a clearing up of the situation, as the absence of the two chiefs most concerned with diplomatic affairs is regarded as explanatory of the inaction since the report first came from Madrid. Spanish officials here will say nothing on the subject, but it is believed they would take occasion to dismiss the report if it was entirely groundless.

### EX-GOV. CAMPBELL'S PERIL.

**Drank Water Into Which Ammonia Had Been Spilled by Accident.**

Hamilton, Ohio, March 15.—The family of ex-Governor Campbell had a frightful shock at dinner last evening. The ex-governor after placing a glass of water to his lips, suddenly rose, staggering and foaming at the mouth, and apparently speechless. He managed to say:

"My throat is burning."

Dr. Kumlner, who lives next door, was immediately called and discovered that the ex-governor had drunk a strong solution of ammonia. Investigation showed that a servant, who had used the ammonia in cleaning silverware, had placed the bottle in the icechest in such away that when the lid was closed the contents spilled into the drinking water. Mr. Campbell happened to be the first to taste it. The physician administered antidotes quickly, but Mr. Campbell is suffering severely from the ammonia.

### ANOTHER EMBARGO.

**British Analysts Find Copper in American Canned Peas.**

New York, March 15.—A local firm of exporters of provisions has received word that the importation of American canned peas into Great Britain may be prohibited as a result of a report made by Drs. Dupre and Luff, analysts to the home office, that the contents of number of cans of green peas recently examined were found to be colored or stained by the aid of copper to the extent of seven-tenths of a grain of copper per pound. Sulphate of copper, according to the report, if taken into the system in the quantities found in the cans in question will produce chronic copper poisoning. The copper is used to retain the green color of the peas. The matter has still to be passed upon by the chief analyst, who has authority through the home office to prohibit further importation.

### Must Have Increased Sugar Bounty.

Berlin, March 15.—The Reichsanzeiger, official, says the state council has approved proposals to raise the price of sugar which were submitted by the reporter of the committee, who said the depressed condition of the sugar industry was due to overproduction and that it could not be dealt with by international arrangements. The sole remedy lay in an increase of the bounty paid for sugar exports, and in order to provide the means for this they must raise the excise duties on consumption and take measures to restrict the output, with the view of preventing excessive demands upon the treasury.

### For International Athletics.

London, March 15.—On account of the cold weather the Oxford athletes have been unable to train, and the date for the meeting with Cambridge has been postponed until July 3. The treasurer of the Oxford Athletic club suggests that this will present a good opportunity for American college athletes to send over a team to meet the English students.

## SPANISH CRUISER MAY YET BE SAFE

### SHIP OF WAR MAY HAVE WEATHERED THE STORM.

**French Steamer Reports Seeing a Big Vessel Ashore—Capt Davis Denies Torture Story—Chinese Soldiers Stand Up With the Japanese—Other News From Foreign Lands.**

Gibraltar, March 15.—A French steamer which has arrived here reports that it saw a big vessel, supposed to be the Spanish cruiser Reina Regente, ashore in Acetunus Bay. It was unable to assist the vessel ashore on account of the heavy weather prevailing. Tangier, March 15.—The Moorish steamer that went out in search of the missing Spanish warship Reina Regente has returned and reports that it found no trace of the vessel. While it was cruising the Moorish steamer rescued eleven men from the Spanish bark Luz, Capt. Jardon, from Brunswick, Ga., Feb. 4, for Palma, Majorca, which was wrecked during the recent storm. The men had been afloat four days in an open boat when they were picked up.

### THINK IT HAS GONE DOWN.

**Spanish Government Has Little Hope for the Reina Regente.**

Madrid, March 15.—The government was questioned yesterday in the chamber of deputies as to the information it had regarding the Reina Regente. Replying to the question, Prime Minister Sagasta says telegrams announcing the wreck of vessels at various places along the coast had been received, and that, though the government had no positive news regarding the Reina Regente beyond the fact that it had sailed from Tangier, he feared the vessel had been lost. The belief, which is hourly growing stronger, that the vessel will never again be heard from has created a feeling of consternation throughout the country. In Cadiz and Cartagena, where most of the crew belongs, the excitement and anxiety are intense.

### Capt. Davis Denies Being Tortured.

San Francisco, Cal., March 15.—Among the passengers who arrived from Honolulu on the steamship Arawa was Capt. William Davis, who was commander of the steamer Waimanalo. He was accused of taking arms into Honolulu for the rebels. Capt. Davis positively denies that there was any foundation for the published stories that he had been tied up by the thumbs and otherwise tortured by Hawaiian officers who desired to extort a confession from him.

### TO ENFORCE MINING LAWS.

**Sentiment That Most of the Trouble in the State Can Be Avoided.**

Terre Haute, Ind., March 15.—President Purcell of the United Mine Workers went to Brazil yesterday to see State Mine Inspector Fisher in regard to the enforcement of the several mining laws. It is the unanimous sentiment that the laws have been permitted to become dead letters, and as a result most of the trouble in the state at present arises from the failure to obey the law. There will have to be a convention in April to arrange the yearly scale, which goes into effect May 1. The mine workers have decided to levy an assessment for the benefit of the miners in the Clinton district who have been forced into idleness by the competition with the miners of the districts about Danville, Ill., where the men are working for 15 cents below the scale price.

### Taylor Now Under Arrest.

Tampa, Fla., March 15.—W. W. Taylor, the defaulting treasurer of South Dakota, has been arrested at Vera Cruz, Mexico, by Pinkerton men. W. A. ## WRECK TAKES FIRE NEAR TERRE HAUTE

### SERIOUS RAILROAD ACCIDENT IN INDIANA.

**Vandalia Passenger Train Collides With a Switch Engine And Fire Completes The Horror—J. D. Early, a Terre Haute Lawyer, and an Actor Injured—Fireman Powerless.**

Terre Haute, Ind., March 15.—Vandalia express No. 7 was wrecked two miles east of this city at 12:30 this morning. Conductor Rahm had his arm fractured and several passengers were badly bruised. A head end collision with a switch engine caused the accident. Both engines are reared high in the air and the derailed cars caught fire and burned fiercely, as did also a dozen loaded freight cars standing on the siding. Both engineers and firemen escaped without serious injury by jumping.

The express was running at a speed of thirty miles an hour when the crash came. Two of the passengers known to be injured are J. D. Early, attorney of Terre Haute, and the other an actor of the True Irish Hearts company, who refused to give his name. An air of mystery surrounds the wreck, no one volunteering any information whatever. The cars not damaged were taken around by a siding and sent on. The loss by fire will be great as no water could be had, though the fire department went at once to the scene.

### ILLINOIS LEGISLATURE.

It is believed to have been one of the individual skirmishes growing out of the church riot, many of which have occurred since.

### A NEW NATIONAL PARTY.

**Will Aim to Secure Prohibition and the Reform of Politics.**

### AGAINST EIGHT HOUR LAW.

**Illinois Supreme Court Declares It Unconstitutional.**

Mount Vernon, Ill., March 15.—In a unanimous opinion rendered yesterday the Supreme court holds that the eight-hour law for women passed in 1893 is unconstitutional, and the section appropriating \$20,000 for salaries of factory inspectors is null and void. The burden of the decision is that women in respect to contracts are on the same footing with men and that an act which abridges the freedom of contract between workman and employer in a lawful occupation is unconstitutional. In far reaching results the decision is most important. It is the first decision in the United States against the eight-hour law and presents a new obstacle in the path of the movement for shorter hours.

Woolsey of New York, who erected it about a year ago. This plant is being pushed to its fullest capacity, but the market it has is greater than the output of the plant, and hence they will erect another distillery. The chances are largely in favor of Terre Haute, which will then have three, two anti-trust and one trust. The plan of this anti-trust syndicate is to concentrate its houses.

ONE HASN'T BEEN TRIED  
THERE IN MANY YEARS.

Two Buggies Crash Together In The Dark—Two Weeks' Revival Meetings To Begin at Milton on Next Sunday—South Clinton Man Hurt—Other Country News.

SHOPIERE, March 15.—The first law suit tried in this town in a great many years came off before Justice Steadwell Tuesday. We have had club cances, cinch parties, and entertainments of all kinds, but this is the first time that the law has been invoked in a long time. The case was called at 2 o'clock in the afternoon, Ed Gardiner appearing as the plaintiff and Tell Kemmerer on the defendant. Attorney Richardson of Janesville appeared for Kemmerer and Jerome Shimeal for Gardiner. Six jurymen were drawn to listen to the facts in the case, they being William Wheeler, Perry Graves, S. G. Perkins, George Fern, Martin Uehling and Theodore Weirick. The court room was crowded with spectators who listened to the case from beginning to end. The jury was out about twenty minutes and brought in a verdict for the plaintiff. It was a very interesting trial.

James Haggart, Jr., went to Clinton last Tuesday evening, and when near Mr. Hoover's place, on his way back home, met Dr. Jones. It being very dark, the buggies came together with a crash but neither of the men was seriously hurt. Mr. Haggart's horse was found at the livery barn where he went to get a rig to come home with. Philip Golden, after a long and painful illness was taken to the Janesville hospital for treatment on Tuesday of this week. He has the sympathy of the people of this vicinity who hope that he will get relief soon. A donation will be held at the M. E. church on Tuesday evening, March 19, for the benefit of the pastor. A cordial invitation is extended to all.

### SOUTH CLINTON MAN WAS HURT

AX FLEW FROM THE HANDLE AND NEARLY CUT A. O. LEE'S TOE OFF.

SOUTH CLINTON, March 15.—A. O. Lee met with quite an accident the other day while chopping wood. The ax flew from the handle and struck foot, cutting his great toe at the second joint, so that it hung only by a small piece of skin. Dr. Covert sewed the member on again, and the patient is doing well. Mrs. Lars Jacobson, an aged lady and one of the pioneers of South Clinton, is quite sick, as is also Jacob Modom, an old settler; and we are again reminded that time is fast thinning the ranks of those who toiled and suffered the hardships of pioneer life away back in the forties. K. K. Newhouse is building an addition to his house. A number of our young people attended a social at Beloit last Wednesday evening. Miss Mattie Seavert is in Chicago, as is also Henry Anderson. Miss Anne Bean, of Capron, is visiting South Clinton friends. The farmers are now engaging their hired help for the summer. Good men are getting about twenty dollars a month.

## S TEVENS | | | | | THE STOLEN MONEY

AMATEUR DETECTIVE SENT ON  
A WILD GOOSE CHASE.

Imaginary Crime Charged to Dennis Hayes, The Well Known Railroad Contractor and the Work of the Sleuth of the "Indiana National Agency" Made Fun For "the Boys."

"I want the patrol wagon right off," was the message that came over the telephone to Driver Ben. Barriage the other night.

"What do you want?" asked the driver, who thought it wise to investigate before turning in a still alarm.

"I have a man that I want arrested."

"Who is this?"

"Detective Post, of the Indianapolis National Detective Agency."

"We do not turn out to make arrests; you'll have to see the chief of police."

"All right."

Driver Barriage hung up the phone with a broad smile and soon forgot all about the Hoosier thief taker. But the latter didn't forget himself. He went to bed, after the manner of all detectives, to "snatch a few hours' sleep before undertaking the arduous and dangerous duties of the morrow."

The sun had hardly peeped over the La Prairie school houses, however, before Detective Post was awake. Hastily donning his clothes with that quick nervous energy that made Sherlock Holmes famous and William A. Pinkerton rich, he sallied forth. He walked quickly down the street looking neither to the right or left but casting his eagle eye in every direction.

Nothing escaped his searching glances and he soon reached Chief of Police Acheson's house. Rapping on the door with the deft motion so natural with all members of the profession, Mr. Post awakened the chief.

And, The Chief, He Laughed.

"I want a man arrested," he said.

"Who is he?" asked the chief.

"Dennis Hayes."

"What's the charge?"

"Embezzling \$300 from Frank L. Stevens, the real estate man."

"Have you got a good case against him?"

"Yes, excellent and I want him jailed at once."

"You'll have to wait until I come down town."

"All right."

Then the chief laughed. Yes, he more than laughed; he "hollered."

Mr. Post came to Janesville some weeks ago and applied for a position on the city detective force. He showed a large nickel plated star bearing this inscription, "Indianapolis National Detective Agency" and claimed to be a "fly cop" of the first water. There being no vacancy in the local detective bureau he did not get the position he wanted. Then he began business on his own hook and hearing that Mr. Stevens was in need of the service of a trained sleuth he called on him. Mr. Stevens had a job for him. Some one had taken \$300 from his office and if Mr. Post could recover the money he was to have half of it. Struggling to keep his face straight, he told the detective that he suspected Dennis Hayes of the theft.

Hot on the Trail.

Then the fun began. The detective hunted up the railroad contractor, and under the skillful disguise of a book agent engaged him in conversation. Mr. Hayes didn't know him from a side of sole leather, but he is always ready for a joke, so he answered the detective's questions. Before the interview was ended the sleuth was convinced that he had found the guilty man and made an appointment with Mr. Hayes for the next evening when they were to take up a scheme that the detective suggested "to make some money" and by which Mr. Hayes was to be compelled to disgorge and confess. When the time came the detective was at the appointed place but Mr. Hayes did not show up. That was the last straw and Post then knew that he had his man. The request for the patrol wagon and the visit to Chief Acheson's house followed, but up to date the holder of the largest contract awarded for excavating on the Chicago drainage canal and owner of the Army block had not been arrested. In the meantime Detective Post has not been seen and it is not known whether he is aware that a joke was played on him or not, but "the boys" haven't had so much fun since the ostriches got out and tramped through the Spring Brook oyster beds, treading the life out of 6,948,432 full-grown bivalves.

## MAY ORGANIZE A POLO LEAGUE

Janesville Has Been Asked To Join a National Association.

Janesville has been asked to join in a movement now on foot to form a national league among the polo teams of the country. A call has been made for a meeting at the Palmer house, Chicago, for May 1 at which delegates are expected to be present from Duluth, St. Paul, Minneapolis, Oshkosh, Chicago, Racine, Milwaukee, Janesville, Indianapolis and Detroit. It is expected that as a result of the organization of a polo league, roller skating will be revived throughout the country. At present there is no polo league in Janesville, but a number of people are still enthusiastic over the game.

### Otis Skinner As a Man.

During his recent engagement in Chicago the following pen picture of Otis Skinner's personality appeared in the course of an interview:

"To meet Otis Skinner personally, to know him as a man, to exchange views with him, to admire him for his brilliant personality, to respect him for his sterling worth and lofty ambitions, to number him upon one's list of friends; to do this is to be privileged above the rank and file of mankind, for as a man in his profession Otis Skinner is one picked out of ten thousand. There is something so persuasive about his convincing sincerity; some thing so winning about his unaffected charm of manner, ignoring himself so completely, the while evincing such genuine interest in the welfare and well doing of others, that to spend a few hours with him is to acquire a mental exhilaration, and a lifting up and buoyancy that long retain their charm upon the mind, making the world seem brighter and better, more desirable to live in and strive in, making life worth the while. Under the mental stimulus of personal association with this man, aspirations and ambitions that in the humdrum of daily life have become dormant, vague and visionary, again take shape and form, and the brightest and best possibilities of life seem nearer and less unreal than before. His is an ennobling nature that exercises its inspiring influence upon natures other than his own. In short upon all who come in personal contact with him.

Now that Otis Skinner is gone, one may be permitted to speak in enthusiastic and conscientious praise of the man without danger of being brought sharply to look upon coming face to face with him again in the course of a few hours; for if there be one thing more than another from which this man actually shrinks, it is personal publicity and what he terms undue and extravagant laudations of traits and attributes which in the natural modest of his heart he invariably disclaims.

## ALL KINDS OF CASES BEFORE THE COURT

SUITS TRIED BY JUDGE BENNETT AT MONROE.

Father Made To Pay For a Dissolute Son's Debts—Damage Suit Against Dr. Bennett Came to a Full Stop—Man Sent to Jail For a Month For Larceny.

Judge Bennett is trying some rather interesting cases at Monroe. Among them is the action of John Bleiler vs. P. T. Moore, D. A. Hawver, et al. which was just concluded. The suit was brought to recover debts contracted by Bleiler's son, William and rather indicates that young Bleiler must an elephant of expense on the old gentleman's hand. After all his father did for him to give him a good start in life, he went wrong and on top of everything a jury brought in a judgment of \$1,500 to satisfy the claim of \$1,800 debts incurred by his son. It wasn't because they thought Mr. Bleiler was really liable, but the son has some property which he deeded back to his father when he discovered he had become hopelessly involved and the creditors simply questioned the legality of the transaction.

Another was the case of J. L. Rood vs. Dr. Hannah Bennett, an action by which the plaintiff sought to recover \$10,000 damages. Spectators were disappointed however, because the case came to a sudden stop yesterday afternoon. The interested parties and the attorneys in the case retired to an adjoining room and on the proposition of the plaintiff the case was settled by each agreeing to pay their share of the costs. The stipulation was read to the court and the case was dismissed.

Jesse Gleason, who was charged with larceny, was sent to jail for a month.

## BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.  
It will buy a building lot.  
It will buy a piano and the lessons necessary to play upon it.  
It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette, containing the above ballot.

Cut the ballot out (trimming on the dotted line.) Write in the name of your candidate and enclose same in an envelope addressed to to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 350 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

## THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

## THE RESULTS OF FREE TRADE.

Dan's Review states that while America's exports decreased \$4,100,000 in January, our imports increased \$15,000,000—an increase in the balance of trade of nearly \$20,000,000 as compared with January of last year. Figures for February are not yet in, but there is every reason to believe that the balance of trade against this country, is as great as it was last month. These conditions will continue as long as the present vicious tariff law is in force.

These figures indicate very clearly why times are hard, and why gold goes abroad. The worst feature of the situation is that the enormous increase of imported goods, displaces an equal amount of goods of home production and keep in enforced idleness thousands of people who would otherwise find employment. It is estimated that 120,000 skilled workmen are now idle because of increased imports, and closed factories on this side of the water. At a dollar a day, which is certainly a conservative estimate, this means a loss to labor alone on account of foreign competition of \$37,000,000 a year. To this should be added at least \$10,000,000 to cover reduction in wages on the same account. In other words, a democratic congress in this year 1895, has robbed American labor of \$50,000,000 with nothing to offset it in the way of gain of any description. In fact the loss is two fold; for the country is deprived of revenue to such an extent that \$162,000,000 of borrowed money is found necessary to keep the ship of state intact.

If there is any excuse that any reasonable man can offer, for this sort of destructive legislation, it has not yet been recorded. Why a man with common sense can ally himself to this kind of a party, is one of the seven wonders that has never been explained. A man may inherit a religious belief and be proud of it. He may acquire diseases in the same way, and be disgusted with the inheritance, but any man who feels elated over the fact that his father was a democrat and that it becomes him to be a shining example of his ancestor's political faith, would do well to remember that degeneracy is stamped on the party that his father worshipped, and that the old gentleman has spent a restless year under the sod, because of the disgraceful transformation.

The Recorder seems determined to avoid the only issue before the people at the coming election, namely, whether this city shall be under republican or democratic rule, and set up a straw issue under the guise of the water company.

This is altogether too transparent to deceive any one. The affairs of the water company are now in the courts, as everyone understands, and the city will have an opportunity to buy the plant at cost as soon as the legal questions under advisement are settled.

The complexion of the council has nothing to do with the case. And if it had, their isn't a candidate mentioned for the office of mayor, that would not favor city ownership at what the public have been led to believe is the cost of the plant.

Democracy and not the water company is on trial this spring. If the Recorder can discover anything to recommend that dismantled organization, to public favor, it would be a source of satisfaction to the rank and file of the party. President Cleveland gave up the task as hopeless some time ago and took to the woods with his shot gun, at the earliest possible moment.

The Janesville Recorder, alias The Janesville Police News, the only active competitor of the Kansas City Sunday Sun, calls The Gazette the official paper of the Water Company. The Sunday Sun, being on both sides of the water question, the same as they are on all other questions, is not to be relied upon in any event. They should pick the Mount out of their own eye before putting the Brand of Cain on anyone else.

The Recorder has not mentioned the name of a democratic candidate for any office. The explanation is simple. There are no democratic candidates. They will put some one up as a sacrifice after a while, but in the mean

time all names are kept dark for fear that the wheelhorses will all move out of town.

Nobody ever heard of the Recorder's figuring as the "official paper of the Water Company." They are generally mentioned as the champions of the other kind of beverages.

## THE TOWN TALES OF DAY.

You are a good ways from the insane asylum. You can tell cheese from chalk. You know the difference between a paper filled paper countered shoe and one that is made from the hide of a critter. A fake comes along sells you a bogus watch or loads you up with lightning rods and you lament the weakness of the human family but you rush out and buy a pair of shoddy shoes and think you are getting the start of some city folks. You will wake up some fine day and find your toes out of those cheap shoes and then you will wish you had not patronized Galt Skin & Co.

All went merry as a marriage bell, and we will say to old fogey people who wonder what on earth they had to say to one another so often that they were not on earth, and that it was a personal matter anyway. The gas-meter in the one's father's house, faithful to its trust, ticked steadfastly on far into the nights of Jack's visits. "Poet's Dream" at Prentice & Evenson's will explain the balance.

Of course we expect your trade. Why shouldn't we? We have purchased one of the largest stocks of tinware ever brought to any town, and we are selling at about 50 per cent of the manufacturers' cost. Almost all gone, but what is left is a great bargain. Lowell Hardware Co.

Give your awning work to Hilla-brandt, 5 Court street, who makes them and needs your patronage, thus leaving money here in town for material help, etc., and a much better made awning and all work guaranteed.

The regular price for butter in other places is 23 cents. Tomorrow we will sell 500 pounds of the best northern dairy butter at 17 cents a pound by the jar and 18 cents by the single pound. Nolan Bros.

## A Storm at Sea

Increases the discomfort of the voyager. But even when the weather is not tempestuous he is liable to sea sickness. They who traverse the "gigantic wetness" should be provided with Hostetter's Stomach Bitters, which quiet disordered stomachs with gratifying speed and certainty. To the hurtful influence of a tropic, malarious or too rigorous or damp climate, as well as to the baneful effects of unwholesome diet and bad water, it is a reliable antidote. Commercial travelers by sea or land, mariners, miners, western pioneers, and all who have to encounter vicissitudes of climate and temperature, concur in pronouncing it the best safeguard. It prevents rheumatism and pulmonary attacks in consequence of damp and cold; and it is an efficient defense against all forms of malaria. It can be depended upon in dyspepsia, liver and kidney trouble.

## A "Breezy Time."

A crowded house greeted Fitz and Webster and their merry company of comedy players, in a "Breezy Time," last night. There was bright, sparkling music, new songs and pretty dances, and from beginning to end there wasn't a dull moment. Mr. Fitz appeared at his best, and he was ably supported by Miss Kathryn Webster and a company of competent players. Daily Times, Mauch Chunk. At the Grand tonight.

## THE OLD-FASHIONED STYLE

of pill gives you a feeling of horror when you see it and when you feel it. Like the "blunderbuss" of a former decade, it is big and clumsy, but not effective. In this century of enlightenment, you have Dr. Pierce's Pleasant Pellets, which cure all liver troubles in any way. For Indigestion, Constipation, Bilious Attacks, Sick and Bilious Headache, nothing has been found to equal these pills of Dr. Pierce's invention.

Mr. SAMUEL BAKER, Sr., of No. 161 Summit St., Phillipsburgh, N. J., says: "There is nothing that can compare with Dr. Pierce's Pleasant Pellets, as Liver Pills. They have done me more good than any other medicine I have ever taken."

## SLATE ALL MADE UP BY THE DEMOCRATS

### R. VALENTINE WILL BE THE CANDIDATE FOR MAYOR.

Ringmasters Turned Aldermen Baines and Smith and Ex-Aldermen J. P. Baker Down—Caucuses Will Be Held on March 22—Secret Meeting of the Bosses Held Last Night.

Richard Valentine will be the democratic candidate for mayor of Janesville.

The "hunch" was sent out last night after a secret meeting of the ring leaders held at George G. Sutherland's office, and all hands were instructed to get in line and cheer for the man selected.

Some of the wheel horses are "kicking," but that will do them no good; the "powers that be" have spoken, and the untutored must bow.

But there's another thing. Seeing that the democratic party has no organ in Janesville to make their announcements for them, The Gazette will state, for the benefit of those who did not attend the ring meeting, that the caucuses for that demoralized body will be called for Friday evening, March 22, at 7:30 o'clock.

Meeting Was Secret. The meeting was a conclave of spoil hunters who congregated, as it was given out, to consider the matter of calling the democratic caucuses and city nominating convention, but in reality it was for the purpose of making a slate for mayor. Many who have heretofore been prominent in the councils of the party were not present, and even a large number who were invited and urged to be present at the conclave, did not attend, but it was not devoid of spice.

The meeting, unlike former political conferences, was kept secret so far as the rank and file of the party or public are concerned, and is not even alluded to by the paper that used to be the party organ. They did not even give the notice that the committee would call the caucuses and convention at the time named above, preferring, perhaps, to allow the Gazette to publish the fact.

Three Men Turned Down. Then came the debate concerning the candidate for mayor. Richard Valentine was made the choice, and the slate makers were instructed to "gain use their utmost endeavors to make him a popular candidate. This decision was not reached without determined opposition from a few who were in the ring, but they were compelled, finally, to give their assent and promised to boom the candidate Alderman Frank Baines, Alderman Ed. Smith and Ex-Alderman J. P. Baker were severally placed on the shelf as not available.

It is said there were twenty-six present, that a ballot was taken for a candidate for Mayor, which resulted in Richard Valentine securing 22 votes, George M. McKey 2, and C. C. McLean 1. P. W. Ryan was the choice of the secret conclave for street commissioner.

Candidates for the other positions on the city ticket were discussed, but it was deemed best to defer making definite choice until after the republican convention had nominated a ticket. Not a few of those who attended this meeting went away satisfied that it would be uphill work for the democrats this spring, especially with a candidate at the head of the ticket who had been knocked out twice in succession.

KENOBA Bath Tub. This is without a doubt the finest bath tub ever made, has been on the market but a week, and we have one of them on display, just arrived this morning, one of the most beautiful pieces of mechanism ever seen in any house. GREEN & ALLEN.

Chinese Bots from Pekin. New York, March 15.—A special cable from Shanghai to the Herald says: "High Chinese officials, terrified by the fall of Wei-Hai-Wei, are bolting from Pekin. A wholesale desertion of posts is going on. A fleet of sixteen Japanese warships and cruisers has been sighted in the north of Formosa on its way to Keelung and Tamsui. The Chinese garrisons there number 20,000 men."

## C. M. B. A. ASSESSMENTS WENT UP New System Put In Force Without Telling Policy Holders.

Janesville policy holders in the Covenant Mutual Benefit Association at Galesburg, Ill., will be interested in the following explanation of the recent advance in rates. The explanation comes from Alfred Thomas, state manager of the association at Milwaukee and was sent to C. E. Bowles, the local manager. He says: "You have probably learned by this time that the association has adjusted all the rates of the old policy holders on a basis where there will be no more increasing assessments. This thing has been contemplated for the last three years, but was not executed until March of this year. The newer policies of later years are not affected in the least. It affects only the old members who have been paying less than they should for protection. The rate which they will now pay is based upon the mortality experience table."

The notices of the advance, with little or no explanation, were received by Janesville policy holders on March 1, and created considerable feeling. They had not expected an advance, and considered it uncalled for as the company has over a million dollars' surplus.

EDGERTON BAKER A BAD PILL: Joe Wentworth Robbed His Employer and Left In The Night.

Janesville police are keeping their eye open for Joe Wentworth, a baker, who was wanted at Edgerton. Wentworth came to Edgerton from Waukesha last Saturday to work for Robert Carr. He was taken to Mr. Carr's home to board, but changed his mind very suddenly about staying. About four o'clock in the morning before anyone else in the house had risen, the young man was up and took his departure. He also took a gold watch, a silver watch and five dollars in money, belonging to Mr. Carr. Marshal Springer has made every effort possible to ascertain his whereabouts, but up to date nothing has been heard of him.

THINK JOHN JIRO IS INSANE Man Who Cut Himself with Glass, To Be Examined by Physicians.

He will probably be sent to the insane asylum for treatment.

THE NEWS OF WISCONSIN TOWNS. A WOMAN living near Whitewater died last week in a deplorable condition. Her five children, one of them a helpless cripple, were starving and in rags. ## HORSE STEPPED ON SMALL BOY'S FACE

### STARR ATWOOD PAINFULLY INJURED THIS NOON.

He Fell From the Maanger and Was Tramped on By the Family Equine—Otto Spath's Arm Was Broken—By an Unruly Cow—Ranaway Last Night.

Bruised and bleeding Starr Atwood, the ten year old son of Mr. and Mrs. Charles Atwood was carried from the barn to the house at the family home, 203 South Jackson street, this noon and Dr. Joe Whiting was hastily summoned.

The little fellow had been trampled on by a horse and the sharp calks in the beast's shoes had cut numerous gashes in his tender flesh, all of which bled freely. His legs, face and arms were cut and bruised in a painful manner but unless something unforeseen happens no serious consequence is feared. The boy was in the hay loft throwing down hay into the manger, and completing his work jumped down, falling over the manger and under the animal's feet. Dr. Joe B. Whiting attended him, and the lad is now doing well, but will be confined to his home for some days. The principal wounds were on his face, his cheek and nose being laid open. Blood poisoning is the complication most feared.

Otto Spath, who lives five miles south of the city, came to town yesterday to have a broken arm set. He was leading a vicious cow to water when the animal gave a sudden jerk throwing him to the ground. He struck on his arm with force enough to break it, between the wrist and elbow.

Leroy Holloway Jr. and Clinton, and Len Wilcox did not launch their boat on the surface of the muddy Rock last evening. They made the attempt but the horse that was drawing the outfit suddenly became possessed of ambition in another direction. The animal's new born desire came when the breeching broke and let the wagon with its aquatic load run against him.

Two or three lunges set things to spinning and the outfit came down Prospect avenue hill at the rate of about forty miles an hour, perhaps more but hardly less. As they turned the corner of Main street and Prospect avenue, the wagon turned over, throwing the horse against the sidewalk and bruising one of his legs. The boys, the boat, and the wagon all went in different directions, but no one of the passengers were hurt.

The Influence of Books.

"There is something comforting in the companionship of books," said the new minister with the thoughtful brow, as he tried not to slip off the haircloth lounge.

"I always said so," assented the good sister, fanning her hands; "I always say to Horatio, give me a good dinner and let me have this big chair in front of the fire, and then bring me a good book and let me begin reading it, and in less than five minutes I'm sound asleep."—Rockland Tribune.

A Fine Distinction.

"There is too much verbal talk about this proposed fight," said a man to a pugilist.

"Verbal talk?" sneered the bruiser. "You think you understand the English language, don't you?"

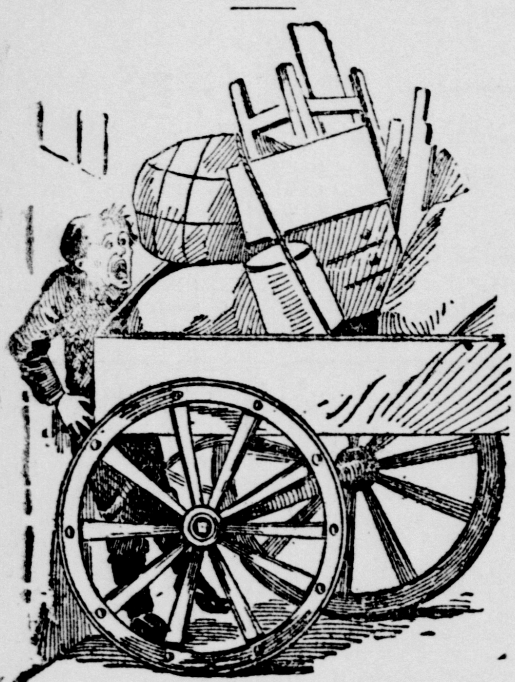

"I do; and that is why I say there has been too much verbal talk. Put up some cash, and let the money talk."—Puck.

Satisfied.

There was a sign upon a fence—  
That sign was "Paint."  
And every mortal that went by,  
Sinner and saint,  
Put out a finger, touched the fence  
And onward sped,  
And as they wiped their finger tips—  
"It is," they said.

—Truth.

"EVERYTHING AGAINST HIM"

—Life.

Wonderful Progress.

"It is wonderful what progress has been made in the way of machinery," remarked Mr. Figg. "I see that there has been a machine invented that can make a complete pair of shoes in sixteen minutes. Why, that is even faster than Tommy can wear them out."—Indianapolis Journal.

An Unreasonable Man.

Mrs. Nubbins—My husband is a perfect brute.

Friend—You amaze me!

Mrs. Nubbins—Since the baby began teething, nothing would quiet the little angel but pulling his papa's beard, and yesterday he went and had his beard shaved off.—Golden Days.

The Choice of Evil.

The Young Lady of the House—If you'll work for it I'll give you a meal, but if you don't want to work I'll let you have a piece of this pie anyhow. I made it myself.

Wayside Walk (courageously studying the pie)—I'll work.—Chicago Record.

Why It Bothered Him.

"Colonel, you have killed your man, haven't you?"

"Fifty of 'em, sir!"

"Do you ever worry about it?"

"Yes, I do. If I'd just been croner in those days, think of the money I would have made sitting on 'em!"—Atlanta Constitution.

Ruling Passion Strong in Death.

"I saw Mrs. K. going in to an auction sale last Monday. Isn't her craze for bargains extraordinary?"

"Yes, indeed. I believe she could die happy if she knew she would be laid out on a bargain counter and buried as a remnant!"—Brooklyn Life.

BEAUTY IS POWER.

Perfection of Form, Feature, and Mind  
Render Women All-powerful.

[SPECIAL TO OUR LADY READERS]

Yet blended with those perfections must be perfect health. Women are today stronger in their character, better in their nature, truer in their love, warmer in their affections, than they ever were.

But most women do not know themselves; and often when their influence is doing the most good, break down. They drift gradually and unconsciously into that tempestuous sea of woman's diseases.

Then they should remember that Lydia E. Pinkham's Vegetable Compound restores natural cheerfulness, destroys despondency, cures leucorrhoea—the great forerunner of serious womb trouble,—relieves backache, strengthens the muscles of the womb, and restores it to its normal condition, regulates menstruations, removes inflammation, ulceration, and tumors of the womb, etc.

It is a remedy of a woman for women. Millions of women owe the health they enjoy, and the influence they exert, to Mrs. Pinkham; and the success of her Vegetable Compound has never been equalled in the field of medicine for the relief and cure of all kinds of female complaints. So say the druggists.

Here is another one of thousands who speaks that others may know the truth:—

"For five years I suffered with falling of the womb, and all the dreadful aches and pains that accompany the disease. I tried several doctors and different medicines, until I lost all faith in everything. I had not tried your Compound. I watched your advertisements from day to day, and each day became more hopeful.

At last I resolved to try it. I have taken seven bottles, and have gained forty pounds. My pains have all left me, and I am a well woman. I do all my own work, and can walk two miles without feeling tired. Your Compound has been worth its weight in gold to me. I cannot praise it enough."—MATILDA EHRMAN, Columbia, Lancaster Co., Pa.
